

Indoor BOWLS Activities

INDOOR "BOWLS CRICKET"

Two sides, one batting team and one bowling team.

Set up 6 random objects as targets to bowl your ball towards. The batting team bowls at the numbered targets and scores points for each object they hit or knock over.

The bowling team set up cricket stumps and bowl at the wickets, each time you knock the bails off or hit the wicket the batting team loses a wicket. When ten wickets have fallen you can swap over!
