

## **Bowls Victoria: navigating a return to play, COVID guidelines for Bowls Clubs**

### Key introductory points:

- Information is changing rapidly, be sure to check the BV website, Facebook page and DHHS for updates.
- Check with your local council for any rules they may have.
- There can be different rules where clubs are interstate but affiliated with BV, awareness of the local rules is a must.
- At all times, keep safe and use common-sense.
- If any member is unwell, tell them to get tested and not attend the club.
- Be patient with others, particularly those who are trying to construct/interpret rules and regulations.

The following pages are designed to complement the guidelines on the BV, DHHS and SRV websites.

**UPDATED: 19 October 2020 (V2)**

| <p><b>Masks and eating, drinking or smoking</b></p> | <p>Can I remove my face covering to smoke or use an e-cigarette?<br/>         Yes, subject to existing restrictions on smoking in public places in Victoria. A person may remove their face covering to smoke or use an e-cigarette, but must put a face covering back on as soon as they finish.</p> <p>The hand-to-mouth action of smoking and e-cigarette use means that people who smoke may be more vulnerable to coronavirus (COVID-19), as they are touching their face and mouth more often. You should wash your hands as soon as you finish and not share an individual cigarette or vaping device.</p> <p>Can I take my face covering off when eating or drinking?<br/>         Yes. You can take your face covering off when eating or drinking. You should maintain physical distancing of 1.5 metres and practise good hygiene. Eating and drinking should not be used as an excuse not to wear a face covering. You must use common sense and wear a face covering at all times where possible.</p> <p>Do I need to put on a new face covering if I take it off to eat or drink?<br/>         If you are using a mask, it is best if you put on a new face covering to avoid the risk of contamination from touching the front of the face covering. If it is not possible, make sure to wash your hands with soap and water before you put on your face covering.</p> <p>If you are using a reusable mask you should carry a paper bag or zip lock bag with you to carry clean masks and keep them clean. If it is not possible, make sure to wash your hands with soap and water or alcohol-based hand gel before you put on your face covering.</p> | <p>Can I remove my face covering to smoke or use an e-cigarette?<br/>         Yes, subject to existing restrictions on smoking in public places in Victoria. For Volunteers:

**Can I leave my house to do volunteering work?**

Yes. You can continue to do volunteer or unpaid work if the organisation you are volunteering for is still operating and you are a permitted worker. You must wear a face mask when you leave home, unless an exception applies. For more information, visit the face mask page.

Even with a face mask, you should maintain a physical distance of at least 1.5 metres between yourself and others at all times, and ensure you practise good hygiene such as regularly washing your hands with soap for at least 20 seconds and coughing and sneezing into a tissue or your elbow.

If you can volunteer from home, you must volunteer from home.

Information for current and prospective volunteers about how to support the community and stay safe can be found at Volunteer Victoria.

**I am a volunteer. Do I need a permit to travel to volunteer?**

Yes, you need a permit. If you are a volunteer who is still permitted to volunteer in person, for example if you are
